

Easy, Secure, High-Volume Broadcast Solution For SMS

Reliable, quick, and easy-to-use broadcast SMS solution

Securely log-in and send campaigns quickly. Upload contacts, compose a message or use a template, personalise with parameters, and send immediately or schedule.

- ✧ High-volume throughput
- ✧ Manage contact lists - API available
- ✧ Opt-out handling to maintain compliance
- ✧ Global SMS delivery

Benefits of Campaign Manager

Personalised SMS

Use parameters to personalise each SMS to your list; bulk-messaging at scale.

Scale Your SMS

Broadcast to large audiences and enable 2-way conversations; Modica will scale with your messaging needs.

Safe & Secure

With regular SOC2 and IRAP assessments, rest assured your message data is safe.

→ Campaign Manager is part of our **cloud-based platform** which includes Web2SMS, Email2SMS, 2FA - and a Marketplace of SMS, MMS, WhatsApp, and Video APIs and third-party Integrations
